

Leonardo da Vinci Thematic Conference

*“Competences, Learning outcomes, Qualifications:
Transparency contributing to Employability”*

Workshop 2

Learning outcomes as a basis for credit transfer

Gabriela Ciobanu

National Center for TVET Development (RO)

European Credit for Vocational Education and Training — ECVET —

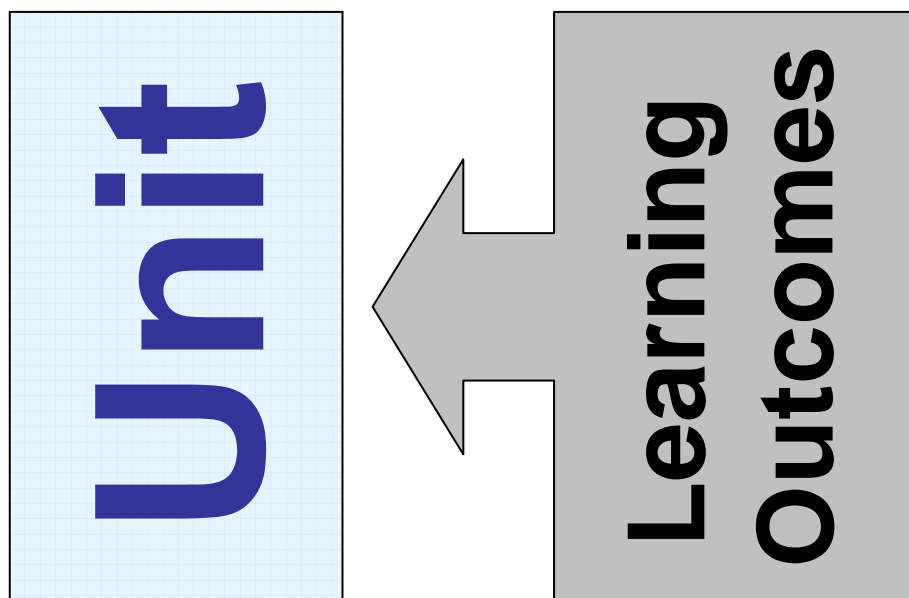

ECVET – coherent device for credit transfer

- Focused on the Learning outcomes
- Focused on qualifications
- Adapted to LLL requirements
- Used for formal, non-formal, informal learning contexts
- Directed towards mobility

The heart of ECVET: Units of L.O.

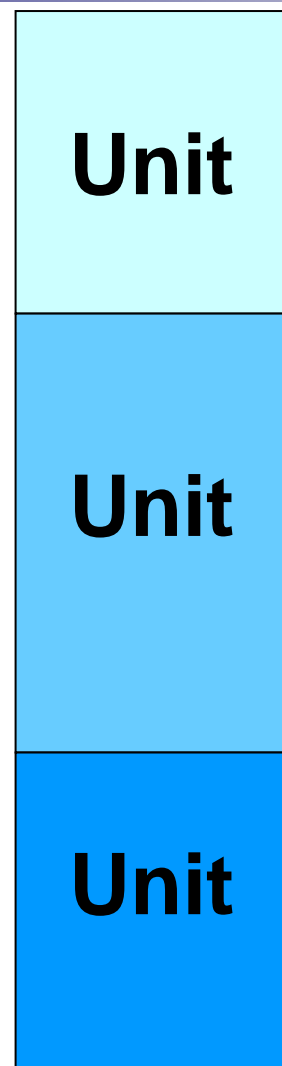

**Units defined by
a coherent set
of KSC:**

- **Knowledge**
- **Skills**
- **Competences**

The heart of ECVET: Units of L.O.

Qualification

- Design
- Transparency
- Transferability/
Portability
- Credit rating

The heart of ECVET: Units of L.O.

VET Qualification

Number, size,
EQF level,
characteristics
and credit points
value of units are
defined at
national level by
competent bodies

Credit Points to supplement units

Qualification

**Credit Points
allocated for
qualification
and each unit,
by competent
bodies**

Unit

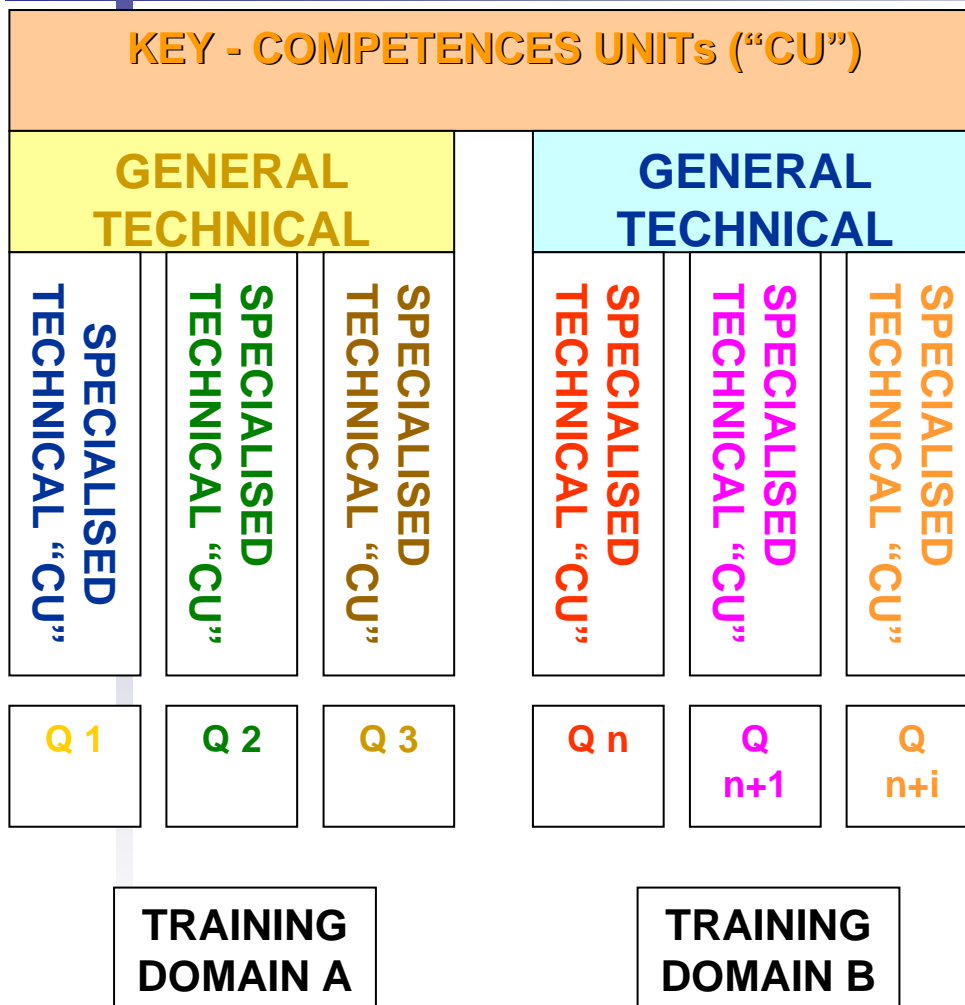

The ECVET learning outcomes transfer process

Competent body/institution A		Competent body/institution B
Assesses certain individual's learning outcomes	Individuals' transcript of record	•Validates credits obtained by the individual and transferred.
and		and
•Awards credit to this person		•Recognises learning outcomes as a part of the qualification to be obtained

L.O. as basis for credit transfer

Example – Romanian TVET qualifications

Curriculum tree-like structure, organised by modules, is mapping competences as follows:

- Key competences units are common for one qualification level
- General technical competences units are common for one training Domain
- Specialized technical competences units are specific to one qualification Q1 or Q n+i

16 training domains corresponding to the 23 sectors

L.O. – basis for credit transfer

Example – Romanian TVET qualifications

Technicalities as prerequisites for credit transfer:

- ❑ *A complete qualification is a Σ competences units*
- ❑ *1 competence unit = 1 training module = "no." CREDITS*
- ❑ *1 module = 1 learning and evaluation unit described in terms of learning outcomes*

- ❖ Individual Portfolio of LLL
- ❖ EUROPASS Certificate supplement

Thank you for your attention !
